

# ANASTASIA

In 1920 a woman was taken into hospital in Berlin after trying to commit suicide. She refused to give her name. Later she began to say that she had suffered a terrible event in her past. Anna Anderson, as she became known, had a secret. She claimed that she was a Russian Princess! In fact, she claimed that she was the last surviving daughter of Czar Nicholas II of Russia, Princess Anastasia.

## The Basics

1. Who was Princess Anastasia and the Romanovs?
2. Why were they put into prison?
3. What happened to them?
4. Who was Anna Anderson?
5. Was she really the last surviving member of the Russian royal family?
